Dear Mr. Evens.

Some time ago I asked raul moch for copies of some records we both obtained and to which I do not have ready sceens. I also asked him for copies of some published material. While I was in Washington these copies came. I enclose copies of those I believe relevant to your interest.

It is apparent from the excerpt from Dan Schorr's book that Angleton's own account of his dismissal is changed and that it cannot be that Colby leaked first knowledge of the CTA mail-interception program to Sy Kersh.

while this is not a sufficient collection of contemporaneous ULA records to permit a definitive interpretation it does appear that the view of Cowald and the assessingtion was changed. This change also appears to coincide with the rather paraboldal view of the world and the AGB in particular of the Esseian defector whose 11/27/63 meso is included. This, in turn, appears to be the Angletonian view.

Little of what is represented as fact by this defector is featual. Not such of his interpretation can be credited, either.

Comparing his paper with the Fol's condensation of its interview with Petr Derjebjen leads to the belief that the defector of the 11/27/63 semo could be Derjabjen.

The political view is identical with that expressed to se by "Ar. Asrtin."

Note that the defector refers to this as his own country. I believe this indicates that his defection was not them recent.

If he had no prior emissity toward homensto the discredit of his think piece by what Momento said could provide him with motive and basis for political sumpleion of Momento.

Serginal marking are mine, made while 4 was reading these output. Added file identification are Monta.

Marron, "unter edition, p. 420, given the spelling as Deciable. There is no other tention of him is AUD.

Hoch is going to try to dub the Wisk tape of the Scott-Epstein interview. After I hear it you will be welcome to it. If it is of intervet probably ESAN could provide a tape of better quality.

I have not yet received the other two tages of other interviers.

Simoomly,

Harold Weisberg
